

## WILL BE TRAFFIC MANAGER FOR MILL

Railroad Clerk Appointed to  
Responsible Position.

## FOR WATSON CONCERN

A. B. Anderson to Commence  
at Once.

A. B. Anderson, who has been in the employ of the Santa Fe at this place for years, yesterday accepted the position of traffic manager for the Watson Mill and Elevator company. Mr. Anderson will enter upon his new duties at once.

Although but a young man, Mr. Anderson has had much experience in the railroad business which will greatly aid him in his new work and make him invaluable to the Watson people. In his new capacity Mr. Anderson will have charge of the shipment of all incoming and outgoing products handled by his employers.

A. B. Anderson is an Ottawa boy. He came to Wichita about three years ago and took a position in the local office of the Santa Fe freight department. He was advanced rapidly from his first position to one of the desks, until he last became traveling clerk for the company, which is one of the best positions obtainable with the railroad at this place. In the department in which Mr. Anderson was working.

From the position of traveling clerk he was promoted to a position as ticket clerk in the passenger office of the same company. When Thud Van Horn resigned his position as chief clerk to R. E. Torrington, division freight agent of the company at this place to go with the El Paso and Northwestern railroad at El Paso, Mr. Anderson was appointed to fill that position. He acted in that capacity for nearly one year.

Mr. Anderson's many friends will be particularly pleased to hear of the splendid position he has secured. A few of them knew that he had been tendered the place by the mill and elevator company, but he was for a time undecided whether to accept or continue in the railroad business.

Since coming to this city Mr. Anderson has married. His wife was Miss Ada Schmitt, one of Wichita's most charming young women. The good luck of his friends accompanies his embarkment in his new vocation. Mrs. Anderson's parents reside at Ottawa.

## CAN NOT FIND WITNESS.

County Attorney Would Like to See  
Annie Whaley.

County Attorney Otto Eckstein is not now quite sure that he will be able to make a very strong case against Mrs. Miller, who is charged with killing a baby called Charlie.

Annie Whaley was the principal witness in the case at the preliminary hearing. Annie worked for Mrs. Miller, and she said that when she went to bed one night the baby, Charlie, was in Mrs. Miller's arms and when she got up the next morning Charlie was gone.

The question of a child was found buried in Mrs. Miller's backyard.

This fact taken in connection with what Annie Whaley had told, was supposed to make a pretty strong case against Mrs. Miller. The other witnesses did not know anything about Charlie, and now when the county attorney is ready to try Mrs. Miller to trial, Annie Whaley cannot be found.

When asked in regard to Annie's whereabouts the other day, her brother said she was gone, but he did not know where. He said she had been a witness in one murder case, that of the state in one murder case, that of the state in one murder case, that of the state in one murder case.

## MUSIC AND DRAMA.

At the Crawford.

Hay's greatest success, "A Texas Steer," was first produced fifteen years ago and has been on the road continuously, and each year has made money for its managers. There are many reasons for this. First, it is probably the greatest American comedy ever produced, but the real reason is the excellent cast that has always been provided for it. The company has always been kept up to the original standard. This happy satire on American politics came to the Crawford Thursday, October 19.

## CRESCUS, KING OF TROTTERS

Continued from First Page.

Ketchum that he was simply lovely and the prettiest horse they had ever seen. After the world's record had been broken by Crepuscule a reporter for The Eagle asked Mr. Ketchum what he was going to do with him now. He said:

"Crepuscule is a little past 9 years old, and I think in his prime. He was never in finer condition in his life than he is today. Did you notice how anxious he was for the race. That is what made him go in the air during one of the first scores. He wanted to show me that he was ready to go and go fast. I have two more engagements for Crepuscule, one at Oklahoma City and one at Fort Scott. I shall fill them and then Crepuscule will be home and put in the stud and will never appear on a race track again. That is the way I feel about it now."

After Crepuscule had made his great race Mr. Ketchum said to W. F. Steadman, "Steadman, we are still alone in our class." Mr. Steadman was asked what the owner of Crepuscule meant by that remark. He said that he and Ketchum were the only men who had ever raised and developed a colt that went faster than 2:10 and owned both the sire and the dam of the colt.

"What do you think of the Wichita track, now?" Mr. Ketchum was asked after the race. "It is the greatest track out of doors. After the amount of rain that you have had recently the present condition of the track is sufficient proof of the truthfulness of my statement. You have a great track and you ought to take care of it. You have some good horses, too."

Gold Bow, owned and driven by John Lehr of El Dorado, won the 2:20 pace in two straight heats. Time, 2:24 and 2:19. Gold Bow promises to be a record breaker. He is only 3 years old and was sired by Colonel Loomis, who has a record of 2:08. He has another very promising colt of the same age, Gloria Quail. He is a good driver and he has the stuff to work on. The horses in the 2:20 pace were Gold Bow, Tom Twist and Hair Spring. They finished in the order named.

The 2:24 trot was more than interesting and furnished another demonstration of J. B. Chandler's superb horsemanship. There were three horses in this race, Arthur Wright, Gloria Quail and Helen Miller. It was two heat in three, and it only took two heats to decide it. Some of the horsemen have been saying that Arthur Wright was a great horse if they could hold him down to business. Chandler climbed into the sulky and did not do a thing but give Arthur Wright a new record in winning the first heat in 2:19, and the second in 2:24. Gloria Quail each time finished a close second and Helen Miller third. Gloria Quail, when asked why he had never had Arthur Wright driven that fast before, said: "Well, that shows what an artist can do. You see 'Chas' is an artist." Chandler says he can take the horse and drive him in 2:15 in three weeks.

The half mile dash was a very pretty race. There were three starters, Ponaway and Bay Bill, owned by Arthur Dorsay, and Cocaine, owned by S. M. Stephens. Cocaine won the race in 55 seconds; Ponaway was second and Bay Bill third. Every horseman at the fair grounds yesterday came away happy that they had seen the greatest mile event, trotted, and the Wichita track now holds the world's record for trotting horses. Lou Dillon and Major Delmar recently trotted a mile in two minutes flat, but Crepuscule clipped off another quarter of a second.

George H. Ketchum stopped at the Crawford last night and the telegrams soon began to pour in to him. The owner of Lou Dillon and Major Delmar were among the first to congratulate him. Following are some dispatches from Mr. Ketchum's friends:

"Memphis, Tenn., Oct. 19.—"G. H. Ketchum, Wichita, Kan.: "Our heartiest congratulations. You are a wonder. BILLINGS & SMATHER."

"Toledo, O., Oct. 19.—"G. H. Ketchum, Wichita, Kan.: "Hurrah for Crepuscule! Toledo to the front again. Congratulations."
